ANDREW BEAMS JOINS RJR

RJR Motorsport Services with the backing of Mygale Australia, have announced that Andrew Beams will compete for the Victorian State Championship in 2008.

Andrew recently tested his new SJ08a Mygale at Eastern Creek, and was excited with the result.

"The car was really fast straight out of the box, and is in the configuration that it came from the factory in France." Andrew said.

"I ran a SJ06a Mygale in the 2007 Victorian Championship and although I was pleased with my first year results, I look forward to a really competitive year in the new car."

RJR principal Ryan Russian is impressed with Andrew's attitude and speed so far.

"With the new car and our experience I believe Andrew has the talent and equipment to be a winner in 2008." Ryan said.
